5) Training: Quick Health Data Online

Organized by: the Office on Women's Health, DHHS

Dates: May 18, May 20, June 20, and June 22

About: The system contains data on demographics, mortality, reproductive and maternal health, disease incidence, and access to care at the county level for all states and territories; additionally, data are included on prevention, violence, and mental health at the state level. To the extent possible, data are provided by race, ethnicity and gender, and where applicable/available, by age. Also, the system incorporates graphing and mapping features so that the data of interest can be used directly as tables, graphs/chart and maps. The training lasts one hour.
